## BOOK SYNOPSIS

Hybrid Servius thinks he has an easy mission coming up. Going undercover on a luxury cruise ship to investigate smuggling isn't exactly hard duty. All that changes when he meets the sexy but secretive Nicole. She's up to something, and he needs to find out what. The fact that her curvy body is calling to his hybrid genes is just a nice bonus. Nicole isn't interested in distractions, such as a certain muscular hybrid. She's on that ship to save her imprisoned brother, and she'll do what it takes. Servius and Nicole think their main challenge will be keeping their focus and their hands off each other, but when pirates attack the ship, the two must work together to make it out alive.
