## BOOK SYNOPSIS

The Curse of Lono is to Hawaii what Fear and Loathing was to Las Vegas: the crazy tales of a journalists' coverage of a news event that ends up being a wild ride to the dark side of Americana. Originally published in 1983, Curse features all of the zany, hallucinogenic wordplay and feral artwork for which the Hunter S. Thompson/Ralph Steadman duo have become known and loved. This curious book, considered an oddity among Hunters oeuvre, has been long out of print, prompting collectors to search high and low for an original copy. Resurrected by TASCHEN in a bigger size with splendid, full-color illustrations and a foreword by Sean Penn, The Curse of Lono is now available in a special 1000-copy edition, numbered and hand-signed by Thompson and Steadman.
