## BOOK SYNOPSIS

Ben Mezrich, author of the New York Times bestseller *Bringing Down the House*, returns with an astonishing story of Ivy League hedge-fund cowboys, high stakes, and the Asian underworld. John Malcolm was the ultimate gunslinger in the Wild East, prepared to take on any level of risk in making mind-boggling sums of money. He and his friends were hedge-fund cowboys, living life on the adrenaline-, sex-, and drugs-fueled edge—kids running billion-dollar portfolios, trading information in the back rooms of high-class brothels and at VIP tables in nightclubs across the Far East. Malcolm and his Ivy League-schooled twenty-something colleagues, with their warped sense of morality, created their own economic theory that would culminate in a single deal the likes of which had never been seen before—or since. *Ugly Americans* is a story of extremes, charged with wealth, nerve, excess, and glamour. A real-life mixture of *Liars Poker* and *Wall Street*, brimming with intense action, romance, underground sex, vivid locales, and exotic characters, *Ugly Americans* is the untold true story that rocked the financial community.
